

Development is about having modern transport and communications, such as motorways and computer technologies.

Development is ensuring that everyone has access to education and healthcare, and that their basic needs are met.

**Development is about people
having higher salaries and being
able to buy what they want.**

**Development is about everyone
having enough and living without
waste.**

Development is about having a growing economy and full employment.

**Development is about challenging
injustice and creating a fairer
world where all people's rights are
respected.**

**Development should enable
people to have a say in decisions
and to take charge of their own
lives.**

**Development is about looking
after the environment and
protecting
it for future generations.**

**Development is about people
living without fear of war or
oppression.**
